## The content of the Subject relevant to present day needs

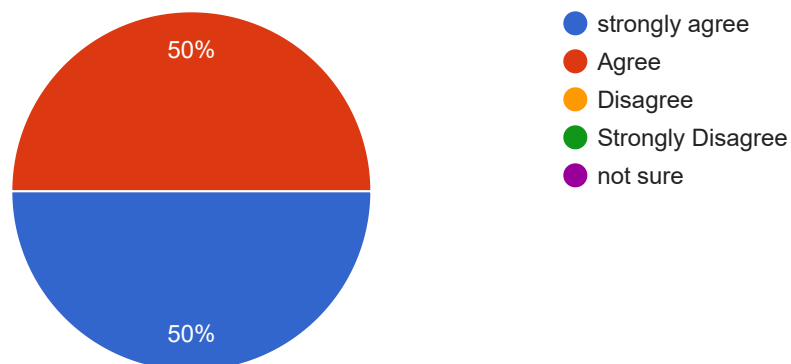

8 responses

## The knowledge and skills taught are relevant to the profession?

8 responses

## Enlist the topics that need to be included in the syllabus

8 responses

No as such

छन्दस्

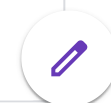

Nill

Almost all are included

More practical oriented

All Fine

Almost all points included

### Syllabus points & topics that need to be condensed. Justify with the reasons

8 responses

-

Nil

Nil

No such condensation required

No any

Nothing

All fine

No need to be condensed

### Syllabus points & topics that need to be elaborated. Justify with the reasons

8 responses

अन्वयलेखनम्

Nil

Nil

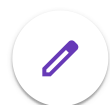

None

Samhita adhyayan Lecture classes are less for each chapters.

Elaboration w.s.r to skill based learning

Garbha Shareera in detail

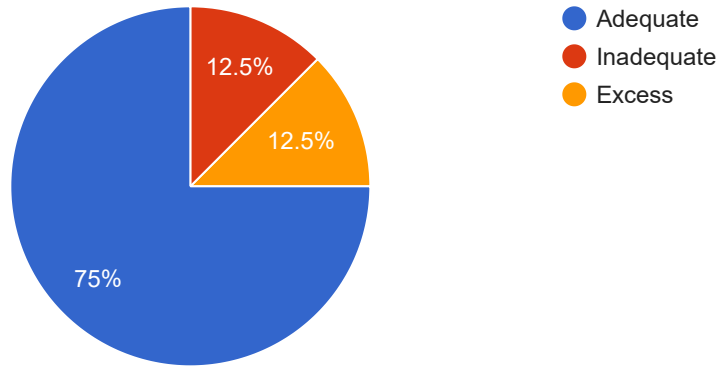

No need

### Teaching hours for Theory classes:

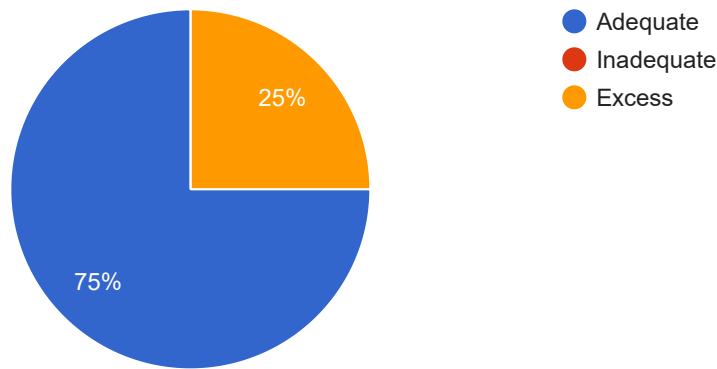

8 responses

### Teaching hours for Practical/Clinical classes:

8 responses

### How students have responded to your teaching?

8 responses

Good

Very Good

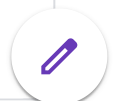

Proper way

Very positively

Good response

Responds well

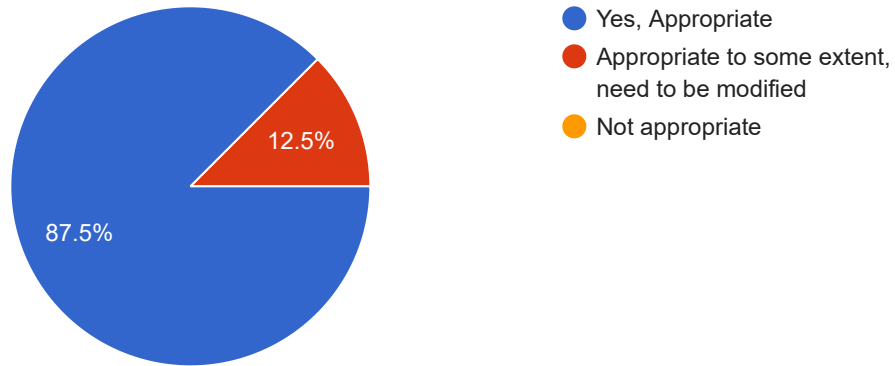

Good response

whether sequence of module classes is appropriate?

8 responses

If not appropriate, what modifications do you suggest?

8 responses

Nothing

-

Nothing

No

Still there must be some changes required

All Fine

No need of modification

Are you having sufficient Teaching aids?

8 responses

If Not having sufficient teaching aids, what teaching aids you are in need of?

4 responses

Nil

Virtual labs

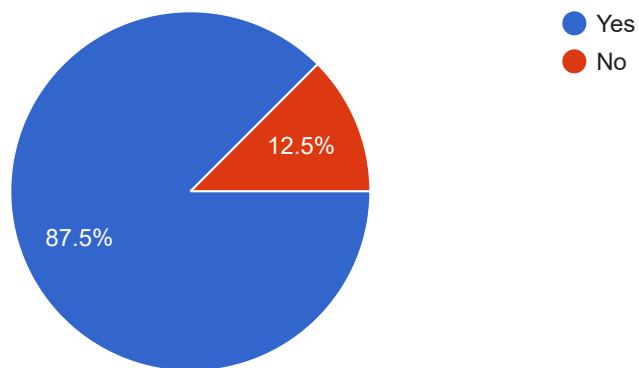

Increase number of staffs in Samhita Siddhanta department

For clinics want some instruments

Is number of students in each batch (for practicals/Clinical/Module) appropriate?

8 responses

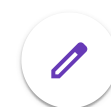

If number of students in each batch (for practicals/Clinical/Module) is Not appropriate, Give reasons and input your suggestions.

3 responses

Nil

33 students per batch and three staff's to handle three batches. Three cadavers required.

Students are appropriate but want instruments for practicals

### Mention the problems faced during teaching

4 responses

Nil

None

Difficult to post students for clinics as practical orientation

Not any

### Give suggestions to improve teaching-learning in the class

8 responses

No suggestions

No suggestion

Nil

Timely interaction with students

Ratio of subjects ,teaching hours is not proportions to number of staff

We should create interest in students, skill based learning is more important than classroom learning

Usse less of technology and more of samhita reading.... Technology is spoiling students as they are becoming much dependent on Google Wikipedia

We will add microteaching points to improve teaching learning
