Yes

Syllabus points needs to be refined with more points that are having more previous researches or literatures. We are finding it hard go get the material to read.

Not any

.

Sectioning of plants and lab work

None

Syllabus is fine as per my opinion

Nothing specific

The topics should be well described

No any condense of syllabus points

.

Non

Clinical aspects

Second paper syllabus is too vast...third paper is less ..can take one part of second paper to merge with third paper..also dendistry was not apt for the branch..no good books to refer for dendistry....

Critical analysis of classical treatment procedure and vishishta aushadhi kalpa with their standard operative procedure and their critical analysis in the context of Anya Urdhvajatrugata Vikara

Theoretical topics such as nidanapanchaka of vyadhi can be condensed as it can easily understood by reading books.

Nothing

Everything is covered
