No

Nothing

None

.

Yes

Not any

Along with University exam Points, AIPGET points should also taught.

All is ok

Yes

Pharmacology

Nil

Pharmacology..it's very confused

Some of the topics taught in samhita's which now in this Era are not much needed should be condensed. For example ch- 6, 7, 25, 26 etc. Only topics from such chapter which can be used in these times and are practically relevant should be taken into consideration. Subjects are needed to be upgraded.

Nothing significant

No.

No need to condense

Not needed

Not Needed

Nothing to be changed... the teaching method is best

Nothing

All the syllabus was upto mark and sufficient for studying

All topics were taught thoroughly and explained in detailed manner

No sir / medam

No as such

No.

Ayurvedic part not having practical use should be condensed.

Some of the old part which is unwanted, which does not have practical use should be condensed.

Not any

Regarding anatomy applied aspects should be more condensed

Help to easily revision

Yes because more the syllabus more confusion and burden will be there

-

Philosophical part of ayurveda

No such topics

Syllabus points & topics that needs to be expanded. Justify with the reasons

67 responses

.

No

None

Nothing

Nothing

Clinical applications

Not any

.

Shlokas

High weightage topics should be expanded which are focused by examiners for preparing AIPGET Question paper.

All

All is ok

Nil

N.A.

Shlokas

Clinical applications of particular topic of subjects.

No.

Yes we want in elaborate form

Shlokas to be explained.

Not needed

Not Needed

Not any

Charak samhita should be manditory will be very useful

Prakruti examination doing practically
As it is necessary to understand it for giving treatment

Explanation was up to point and easy to understand

No sir / Medam

No as such

No.

Modern part should be expanded. Since modern part is highly useful in clinical and diagnosis aspects.

modern part should be expanded and explored more in this current world, So that we can compete more efficiently, ahead in our career. More modern methods should be taught.

Modern should be elaborate more as compared to Ayurvedic. Modern in more useful in clinical aspects

Regarding physiology integrated teaching should be there

Yes because of increasing the depth of knowledge

Yes because of increase of depth of knowledge

Easily understand

Some points and topics are very important to deal with so they need to be expanded

-

Clinical aspects of physiology

No

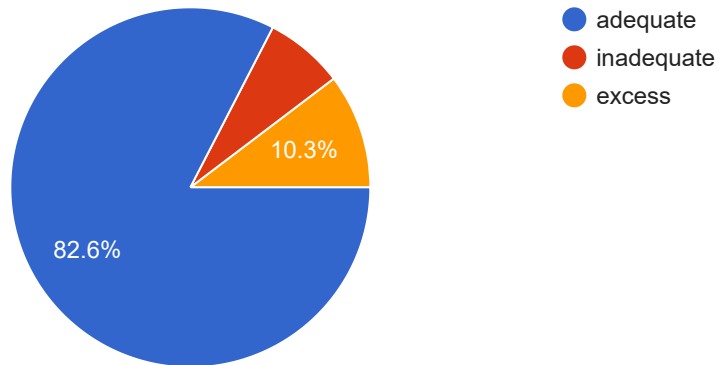

Yes

Teaching hours for Theory classes
